Total	2,837	2,837	0	0.00%

Footnote:

10. A validity edit helps to verify the accuracy of the data reported. An institution's CRA submission that passes all validity edits does not ensure 100% accurate data. True accuracy is determined during the examination process.

11. A record represents one row of data reported to the Federal Reserve Board. This does not in any way represent the number of loans originated or purchased by the institution.
